The proof listener (PL) not all volunteers wool to Libviox. If you prefer not to lend your voice to Libviox, you can lend us your ears. Test listeners assume errors that we may have lost during the initial process of recording and editing. Readers of the reader (narrator) are registered by reading a book section, edit the record and send it to the Libviox management tool. To obtain an outline of the Libviox Audiobook production process, see the Libviox record process. In a minute, we require new readers to send a sample of recording so that we can ensure that its configuration works and that you can upload them. Make sure you request an assistant if you are unable to find the section. When you are done, the system will automatically calculate for you the amount you expect to pay for your order, depending on the details you give, such as subject area, number of pages, urgency and academic level. After completing the order form, you fill in the registration details. These details will be used by our support team to contact you. Now you can pay your order.
